Newly submitted claims 12-34 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 12-34 drawn to a method of treating dermatitis using an antibody against NK cells. The method claims had been withdrawn from consideration upon Applicant's election of the agent on the restriction requirement set forth on 9/9/04. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 12-34 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The reply filed on 6/9/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants' addition of new claims 12-34 drawn to a method of preventing dermatitis are non-elected subject matters. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yunsoo Kim whose telephone number is 571-272-3176. The examiner can normally be reached on Monday thru Friday 8:30 - 5:00PM.
